Terms of Sale

MINIMUM ORDER 50 CUTTINGS OF A VARIETY

TERMS — Cash, unless credit is established.

C. O. D. ORDERS must be accompanied by one-fourth the amount of the order in Cash to insure acceptance.

Prices quoted are for the trade only, parties outside the trade add 25% to prices quoted.

We give no warranty, expressed or implied, as to the productiveness of any stock and are in no way responsible for the crop. Our liability in any instance is limited to the purchase price.

We hold ourselves responsible for miscounts or mis-directed shipments and will gladly make adjustments or replacements should they occur. They must be reported promptly.

OUR PROPOGATING STOCK

All cuttings furnished by us are grown from stock that has bloomed normally, is apparently free of any disease and has been carefully selected and rogued, thus assuring you of cuttings from only the best quality stock.

EARLY BUDS

Buds will develop in many varieties of Chrysanthemum Cuttings during the short days of late winter and early spring — especially if greenhouse temperatures are maintained above 50 degrees.

If you must maintain temperatures higher than recommended, two hours of artificial lighting each night in February and March and one hour in April would be advisable so as to prevent the cuttings from setting bud

SPECIAL DISCOUNT

10% DISCOUNT ON ORDERS
